ARPER'S NEW MONTHLY MAGAZINE has already reached a regular monthly issue of more than 109,000 Copies, and is still steadily and rapidly increasing. The publishers have endeavored, by a well-directed use of the abundant resources at their command, to render it the most attractive and most useful Magazine for popular reading in the world; and the extent to which their edors have been successful is indicated by the fact, that it has attained a greater circulation than any similar periodical ever issued.

issued. Speaker circulation than any similar periodical ever issued.

Special efforts will be made to render it still more interesting and variable during the coming year. In addition to the usual ample and choice selections of Foreign and Domestic Literature, an increased amount of Original Matter, by the ablest American writers, will be hereafter furnished. The number of Pictorial Embellishments will be increased; still greater variety will be given to its literary contents: its Editorial and Miscellaneous departments will be still further enlarged and strengthened; and no labor or expense will be spared to render it in every way, and in all respects, still more worthy of the extraordinary favor with which it has been received.

success to the fact, that it presents more reading matter, of a better quality, in a more elegant style, and at a cheaperrate, than any other publication.

Subscribers in any part of the United States may now receive the Magazine by mail for three cents a number, or thirty-ex-cents a year postage, either of the Publishers, the Booksellers of Periodical Agents, or the Publishers, at There Dotlars.

Terms.—The Magazine may be obtained of Booksellers, Periodical Agents or from the Publishers, at There Dotlars a year, or Twenty-rive Cents a Number. The Semi-annual Volumes, as completed, neatly bound in Cloth, at Two Dellars, or the Muslin Covers at Twenty-five cents each, are furnished by the Agents or Publishers. Five Volumes are now ready, bound.

The Publishers will supply Specimen Numbers gratuitously to Agents and Postmasters, and will make liberal arrangements with them, for circulating the Magazine. They will also supply Clubs, of two persons at Five Dollars a year, of five persons at Ten Dollars, and of a larger number at the same rates. Clerginen supplied at Two Dollars per year. Numbers from the commencement can be supplied at any time.

THE RECTOR OF BARDOLPH'S; OR SUPERANNUATED. By Rev. F. W. Sherton, author of "Salander and the Dragon." I vol. 12mo. Price St.

This book belongs to that class of works at the head of of "Salander and the Dragon." Ivol. 15mb. 15mb.

This book belongs to that class of works at the head of which should be placed. The Poer Vicar and Sumy Side. It is an unvarished and simple tale of the life of a country Parson, written in an unaffected style of pure English, and portraying with life-like accuracy the amusing incidents, the petty annovances, the sore trials and various events occurring in the experience of a faithful minister of the gospel. There is a ven of quiet humor and satire running throughout the story, and the author admirably hits off the folble-scommon in a country partial.

TRON WORKS for SALE.—The PROVI
DENCE IRON COMPANY, to close a concern, offer
for sale their very extensive and complete establishment for
manufacturing Iron, situated on tide water, at Fox Poins, in
Providence.

These works have all been erected within seven years,
are in good order, and ready to be put into immediate operation, and are equal to the production of 24 tuns of iron into
plates and bars per day.

Connected with the abuve is a Wire Mill, capable of runming eight twos of rode per day, for which there is a regular
and increasing demans in Providence, at the precent moment, at least equal to the entire production of the unil.

Also, Reynolds's Patent Wrought Spike and Nail Machines,
which will turn out ten tune per day. Also, a Cut Mail Mill,
capable of turning out 150 to 175 casks per day, and which
sould be easily arranged to double that product.

As this establishment was built for use, no expense was
spared in having everything about it of the most perfect
kind, and the inventory exhibits as complete an establishment, perimps, as is to be found in New-England.

It is thought that no place in the United States presents a
better opening for the successful prosecution, by a practical
man, of the manufacture of wire rods, iron, nails, and spikes,
than the City of Providence, the center of a large and rapidly
increasing manufacturing district, requiring forcessemption
the entire production of these works.

These works being on tide water, where the largest class
of vessels which frequent our bay can lead and receive
cargoes without lighterage, allows of their receiving their
supplies of coal and iron at the lowest rate of fraight; and
lafor can at all times be had on as good terms as applies,
the property will be sold cheap, and the terms of payment,
will be made casy.

As it is supposed the purchaser would desire to emanifie
the premises, further description is deemed unancomary.
The property will be sold cheap, and the terms of payment,
will be made to cither of the subscribers, in Proviscose.
